The Journey: How We Work Together

Different roles. Same goal. An amazing vacation.

1 The Booking & Planning

AGENT LEADS

- Understand the family's needs, preferences and budget.
- Recommend the best travel dates and package options.
- Set expectations for what's possible and how to get the most from their trip.

Your expertise builds the foundation for a great trip.

2 The Pre-Trip Preparation

AGENT + MAGIPULSE

- Introduce MagiPulse as the park companion app.
- Send the client card and our ready-made email.
- Set up the itinerary based on the client's preferences and must-do's.

You provide the recommendation. We handle the details.

3 The In-Park Experience

MAGIPULSE TAKES OVER

- Monitors wait times, ride status and weather conditions in real time.
- Alerts guests to changes and suggests next best options.
- Helps them adapt when plans change (ride closures, longer waits, weather shifts).

We watch the park, so they can enjoy it — not just check it.

4 The Wrap-Up

AGENT + CLIENT

- The client shares their experience and feedback.
- The agent stays top of mind for future trips and referrals.
- You see the value of the app in action — and the difference it makes for your clients.

Happy clients create repeat business and referrals.

5 The Long-Term Advantage

AGENT

- Stronger client loyalty and trust.
- More reasons to be the go-to travel expert.
- A powerful tool to differentiate your service and stand out in a competitive market.

You're not just booking a trip — you're creating lasting memories.
