MagiPulse

Advisor Referral Program Terms

How travel advisors and agencies earn a referral fee when a client upgrades to MagiPulse Pro.
Program run by The Penelope Group LLC. Version 1.0, effective October 20, 2026.

At a glance	
What earns a fee	Your client's **first paid** MagiPulse Pro purchase, the two-week pass or the annual plan, made with your advisor code entered first.
How much	$3.00 per annual plan and $0.50 per two-week pass. One fee per client, ever.
When you're paid	Monthly, by the 15th. Each purchase is paid once it is 30 days old, so refunds come out first.
Minimum payment	$25. A smaller balance rolls over to the next month.
Who gets paid	The agency, in one payment covering all of its advisors. Independent advisors are paid directly.
Statements	A monthly statement of qualifying purchases by code. Never client names or contact details.
How you're paid	PayPal, Venmo or check, after we have a W-9 on file.

1. **Taking part.** The program is open to travel advisors and agencies we invite. You take part as an independent business; these terms create no employment, partnership or agency relationship. Joining is free.
2. **Advisor codes.** We create one code for each advisor and send a client card with that code printed on it. Codes are personal to the advisor and can't be transferred or sold. We may switch off a code that is misused; switching it off doesn't affect fees already earned.
3. **What earns a fee.** A fee is earned on a client's first paid purchase of MagiPulse Pro, the two-week pass or the annual plan, when all of these are true:
   - the client is signed in to a MagiPulse account (not a guest session);
   - the client entered your code in the app **before** buying; and
   - the purchase is made within 60 days of entering the code.

   An account keeps the first code entered on it, and it can't be changed later. These earn nothing: renewals, any purchase after the first paid one, free use, complimentary Pro, a free pass redeemed with a promotional code, a purchase made before the code was entered, and Apple's test purchases. A free pass is not a purchase: it doesn't count as the client's first, so a paid purchase made afterward can still earn a fee. Our purchase records are the basis for every fee.

4. **Amount.** $3.00 per annual plan and $0.50 per two-week pass, unless Schedule A sets a different amount for you. Fees reflect what we receive after Apple's commission; if app prices change, we may adjust fees under section 12.
5. **Payment.** We pay monthly, by the 15th, for qualifying purchases that are at least 30 days old. For example, a purchase made in October is paid by December 15. A purchase Apple refunds earns no fee; if it was already paid, we deduct it from the next payment. A balance under $25 rolls over to the next month. We pay by PayPal, Venmo or check to the payee in Schedule A.
6. **Who gets paid.** Fees for an agency's advisors are paid to the agency, in one payment covering all of them, and the agency handles any split with its advisors. An independent advisor, with no agency, is paid directly. An agency may ask in writing for its advisors to be paid directly instead; each advisor then needs their own W-9. A change of payee takes effect from the next payment after we receive it.
7. **Statements.** Each payee receives a monthly statement listing, by code, the number of qualifying purchases, the plan bought and the fee. Statements never include clients' names, email addresses or account details; we don't share them with anyone.
8. **Taxes.** We need a completed IRS Form W-9 from each payee before the first payment and issue a Form 1099 where the law requires one. You are responsible for your own taxes.
9. **Telling clients.** Let clients know you may earn a referral fee when you recommend MagiPulse, as the FTC's endorsement rules require. Describe the app accurately; the client card and email we provide are written for this. Don't promise particular wait times or results.
10. **Disney and other brands.** MagiPulse is an independent app and is not affiliated with, endorsed by or sponsored by The Walt Disney Company or Apple. Don't suggest otherwise, don't use their logos to promote MagiPulse, and don't buy search ads on MagiPulse or Disney trademarks.
11. **Not allowed.** Using your own code on your own account, creating accounts to earn fees, paying or rewarding clients to buy Pro, spam, and misleading claims. Fees tied to any of these are void, and we may end your participation.
12. **Changes and ending.** Either side may end participation at any time by email. We give at least 30 days' notice by email before changing fee amounts or these terms. Fees earned before a change or an ending are still paid on the normal schedule, except fees tied to section 11.
13. **No guarantee; liability.** We don't guarantee any level of earnings. The program is provided as is, and our total liability is limited to the fees payable to you in the three months before a claim.
14. **Governing law; whole agreement.** Florida law governs these terms, with venue in Pinellas County, consistent with the MagiPulse Terms of Use. These terms and Schedule A are the whole agreement about the program.
